

CCRMA Summer Workshops 2008

The Center for Computer Research in Music and Acoustics at Stanford University offers intensive programs where top educators and researchers

from the fields of music, engineering, and computer science present a detailed study of specialized subjects. The workshops are one or two weeks long.

The workshops are open to the public. Course tuition and fees will vary by location. Workshops located at CCRMA will be \$650 for one week and \$1200 for two weeks. Fees may be associated for lab material.

- June 23 - July 4
Digital Signal Processing:
Spectral and Physical Models
- July 7 - July 18
Physical Interaction Design for Music
- July 21 - August 1
Music Information Retrieval
- August 4 - 15
Cell Phone Orchestra
- August 18 - 22
Perceptual Audio Coding
