NOTES

Patte, here is the
list. let me know
if you need other
info. As you can
see NST is mixed in
w/ NAVY and DARPA.
also some buzzwords
from our patent counsel.

Buzz words:

Conditioning soundwaves
Acoustics
Signal processing - intelligibility
problems
- underwater
acoustics *

* mostly problems with
receiving rather than sending

Wright Patterson AFB has an
acoustics chamber; they
work w/ conditioning sound =
waves.
