Office of Vice President for Research  
Stanford University

Dear Neils:

We appreciate your returning the license termination agreement. I have signed your copy and it is enclosed herewith.

You are, of course welcome to any drawings of any other data which may be of help to you. Stew Smith will, of course, be the person to contact.

We are sorry that we were unable to commercialize your invention. We hope you are able to license it elsewhere.

With best regards for the New Year.

Sincerely,

Bertil D. Nordin  
Vice President of Finance
