Dear Yohei:

As ever it was wonderful seeing you again. I was happy that you had a chance to greet Maureen and to meet Scott. I hope that some day when he is older, he too will have a Yamaha tennis racket. Patte and I enjoyed very much our dinner with you.

As I told you, John Pierce of CCRMA has been in contact with Dr. Hiroshi Inose, Director General, National Center for Science Information System, Otuka 3-29-1, Bunkyo-ku, regarding a symposium on music and technology. Dr. Inose is organizing the symposium (title and foreign participants attached). I hope very much that some of my friends from Yamaha can participate. You should contact

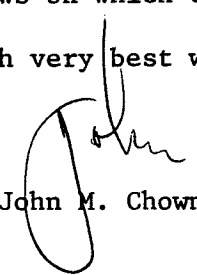

Mr. Fujimoto
The International Institute
for Advanced Studies
Kyoto Chamber of Commerce Bldg., 5fl
Karasumadori Ebisugawa agaru
Nakagyo-ku, Kyoto, 602

regarding details.

Maureen will join me on this trip as she will be part of Max Mathews' presentation of his "Daton" or conductor drum. They will present the music (and more) that they performed for Mr. Kawakami during his visit. By the way, Mr. Kawakami wrote me a most gracious note thanking me for the presentation. Please tell him that I shared it with Max and Maureen. We were all very pleased and honored to have had the opportunity to show Mr. Kawakami this novel use of Yamaha synthesizers.

As ever I look forward to seeing you who knows on which continent.

With very best wishes,

John M. Chowning
