

STANFORD UNIVERSITY \* MEMORANDUM \* STANFORD UNIVERSITY

1KAA002  
Committee

Date: April 18, 1994

To: Julius Smith, CCRMA  
From: Patricia L. Devaney, Associate Dean of Research  
Subject: OTL RESEARCH INCENTIVE FUND PROPOSAL

---

Dear Julius:

I am writing to confirm our telephone conversation regarding your OTL proposal. As you know, the proposal was not selected for award this year by the Selection Committee. Only 23 of the 81 proposals were awarded with very strong emphasis placed on supporting seed projects of junior faculty. However, in view of both the CCRMA's contributions to the OTL Research Incentive Fund, and in view of the need to find new sources of support to fund your students, our office will be happy to provide you \$20,000 from the Research Contingency Fund. This fund is designed to help provide stop-gap funding when the prior sources of support have expired.

As soon as Charles Kruger receives your memo outlining how and when you intend to use the funds, our office will make the arrangements to transfer the money in to CCRMA.

Cordially,

cc: Michele Armstrong  
Charles Kruger

PATTE: SENDING THIS FYI.
