Dear Dr. Chowning:

Thank you for your letter inviting us to attend the Sixth Annual Meeting at the CCRMA.

For the meeting, we decided to send a young engineer named Kenji Yamuchi. He is in charge of R/D concerning digital tone generation algorithms and control softwares. He is a member of the E.M.I. Research Laboratory under Mr. Eiichiro Aoki. He also belongs to Hamamatsu Symphony Orchestra for which he plays a double bass. He has not been in U.S.A. in a long time when he may not be expert in speaking English. However I know he has been intent on study and practice to speak it. So I expect he would be able to show the meeting well and receive a good stimulus effective to his work.

By the way, a long time passed since I visited CCRMA which was located on the top of the hill outside of the main campus. Though I have no concrete plan now, I hope having a chance to get CCRMA again and see you there.

Sincerely,

Dear Dr. Chowning:

I have found a misspelling in the letter for you on 4 April. Please replace the word 'shear'in the 7th. line of 2nd. paragraph by 'share'. I'd like to express I never intend to cut off the CCRMA meeting though I guess you have already understand it! Thank you.

Dear Mr. Wachi:

Thank you for your note regarding Mr. Yamauchi. We will make available a video tape of the presentations so that they will be a permanent record to back up his understanding of English.

A long time has passed since you were here. I have wonderful memories of our lunches at the "Western" cafe near our old lab. I hope that you will soon find an opportunity to visit us again. I would enjoy seeing you very much.

Sincerely,

JC/hmk

John M. Chowning

P.S. Congratulations on your promotion!
