Dear professor Chowning,

Thank you very much for your letter of October 24, 1991, in which we are pleased to know that our musical instruments were featured prominently at your final Centennial Celebration Concert.

It is also our hope that we would completely perform the previous proposal of \$100,000 gift by your supplemental request of SY-99, DMP7D, DMR8 and two SPX1000s, even though our economic situation recently gets more tight.

We hope that we will be able to respond to you before long.

Sincerely,

Takeo Sata

P.S. We are grateful to you for kindness when Kuwabara visited you.
