

URGENT 17

YAMAHA CORPORATION - JAPAN
ELECTRONIC MUSICAL INSTRUMENT DIVISION
FAX MEMORANDUM

<OUR FAX NO.: 81-53-474-5624>

TO: DR. JOHN CHOWNING / CCRMA - STANFORD UNIV.

FROM: ERIC ATSUMI / LM ENGINEERING DPT. - #2G

DATE: APR. 13, 1991

Dear Dr. Chowning

I wish you could remember me. We have met in London when I was working in Yamaha R&D Centre London with Dave Bristow. I am now back in Japan and in the position of the Leader - Group 2, LM Engineering Dpt., Electronic Musical Instrument Division.

I have the opportunity to visit Opcode people shortly, just next door from you, and I wonder if I could pop in to CCRMA to say Hello to you and to have a quick look-around in your lab. I am sorry for extremely short notice, however, I would be very much grateful if you could spare some time for me in the afternoon on Thursday, April 25th.

If not, please do not take it seriously, I will have another chance in the future.

I look forward to hearing from you at your earliest convenience. Thanking you in advance.

ERIC H. ATSUMI
LEADER - GROUP 2
LM ENGINEERING DPT.
ELECTRONIC MUSICAL INSTRUMENT DIVISION
YAMAHA CORPORATION - JAPAN

Dear Mr. Atsumi

I remember you, of course, and am happy to welcome you on Thurs. April 25.

Smith
