SUBJECT: Furniture Requirements for CCRMA after SAIL mover to Margaret Jacks

According to Susan Schofield's memo to Les Earnest of August 9, all furniture used by SAIL is earmarked to be moved to Margaret Jacks or salvaged. This (as I'm sure you're aware) would leave the Computer Music group without any furniture to function with.

Currently, with the exception of only a few, people associated with the Computer Music group have been "camping out" or sharing office space and furniture with AI Lab people. It appears that we need a "property settlement" along with the "divorce".

Attached is an inventory I made of all the furniture currently used by the AI Lab (I may have missed a couple of items) with designation codes placed by Roger Buckhout; G=move, Y=maybe, R=salvage. I have also attached an estimate of furniture requirements for CCRMA after the move.

I will be glad to help in any way that I can to coordinate this "settlement".
