Mr. Yasunori Mochida
Managing Director
Yamaha, Nippon Gakki Co., Ltd.

Hamamatsu, JAPAN

Dear Mr. Mochida:

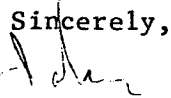

My recent visit to the clinic was encouraging as they plan to remove the pins from my leg next week and apply a walking cast. They advise that I reserve a couple of weeks to get used to the new cast, after which time they feel it would be alright to make a trip to Japan.

Therefore, if it is convenient for you and your colleagues, I propose the later part of May or early June for my trip.

I have become quite agile on crutches so I think there will be little problem in my getting around during my visit to Yamaha (although I'm not yet very good at playing football).

I look forward to hearing from you and I am especially anxious to visit you and your colleagues once more and to have the opportunity to see first hand the work which has been accomplished.

Sincerely,

John M. Chowning
Adjunct Professor of Music
