Dear John :

I hope you are recovering rapidly your ski-leg, which Mr. Reimers told about in his recent letter. If you cannot move well, it would be a good time for you to read and write.

As I am not enough authorized to describe more detailed report than our last narrative report, I think it use<sup>ful</sup> for you to come to Hamamatsu in some near future to see how we are going with FM sound.

I suggest that you will contact Mr. Mochida by letter stating your idea of coming to Japan. After that I will call you up probably.

Alors, *soignez-vous* bien. A bientôt.

Avec mes amitiés

Yohei Nagai

Manager

Electro-Acoustic Lab.
