France

Dear David:

Greetings! I hope all is going well and that you have finished with the book. It was nice to have you at CCRMA in October and I am writing to invite you back.

CCRMA would like to extend an invitation to you to participate as a "visiting lecturer" during the DX-7 related workshops to be held June 23 to July 4 and July 7 to 18, 1986 at Stanford. We can offer to pay expenses (round-trip economy airfare for one person) and a salary of \$4,200.

I have enclosed the announcement for the workshops and will forward housing information when I have received it from the University.

Hope you have a good holiday. My best to you and Corinne!
