Febr. 13, 1984

Dear John:

For me, too, it was a wonderful visit. You are of course welcome to visit with whomever, whenever you happen to be in the Bay Area.

I will relay your message to Bob and Phil. They enjoyed meeting you, as well.

Your interest in the research we are doing is encouraging. Often industry tends to ignore or treat as frivolous the work performed at universities. Yamaha has been a notable exception.

Best wishes,

JC/hk

John Chowning
