Dear Mr. Chowning:

I knew about the important work you and your associates are doing and reading your proposal of March 31st brings me so much closer to your pioneering activities.

We are a small Foundation with modest funds available for our budgetary commitments. At our next Director's Meeting, which will be in May, I will discuss the possibility of awarding a token grant as evidence of our interest in your project.

You will hear from me next month.

Best regards.

Sincerely yours,

Paul Fromm
