Lucidity
Sensored Eye Band

Make the pain go far away.

Lucidity is a nightly worn cap meant to help you lucid dream to solve any unresolved issues that appear in your dreams.
Who should use Lucidity?

If you or a loved one experience frequent nightmares, sleeping difficulty, depression, or anxiety, Lucidity might be the solution for you.

Why Lucidity?

Lucidity is a non-invasive form of technology in a headband used before and during your sleep. It is used to help you lucid dream, making it easier to fall asleep and fix any reoccuring nightmares that you may experience.
