Mirror MD

YOUR BODY'S BEST FRIEND
**How it works**

**Step 1: The Scan**

Using advanced chemical, radiologic, and thermal technology, Mirror MD scans your body and pinpoints specific areas of discomfort, inflammation, stress, or pain.

**Did you know?**

Mirror MD utilizes thermal infra-red imaging, a technology that can detect sinus pressure, neck pain, cardiovascular health, acid reflux, lung health, upper back stress or strain, digestive disorders, and even lower back pain!

Designed by medical professionals, this reading locates with 100% accuracy the exact tendon, muscle, bone, joint - whatever it may be - that is causing your discomfort.
finding a solution

STEP 2: THE RESPONSE

Mirror MD comes programmed with the latest acupressure information and physical therapy techniques, provided by WebMD intel and reviewed by certified healthcare professionals.

In the reflection, Mirror MD highlights exactly where on your body you should apply pressure, what dietary changes could help, or what stretch would be best to alleviate the discomfort and realign your natural energy.

If curing the source of pain is outside of Mirror MD’s capabilities (ex. a broken bone or more serious problem), Mirror MD will connect you with a healthcare professional (or a doctor of choice) in your area.

Simply put, Mirror MD has users feeling more connected to their body and more optimistic about the day ahead.
restorative + reachable

Healthcare is already expensive, and visits to the hospital or doctor's office can raise insurance rates significantly. For most people, medical consultations for daily aches aren't an economically feasible option. So they endure the pain, day in and day out, until they don't know anything else.

People shouldn't have to decide between living pain-free and paying their bills.

According to recent studies, 1 in every 10 Americans wakes up with pains or aches on a daily basis. How can we expect to flourish in our day with a constant ache weighing us down?

Mirror MD puts healthcare back in people's hands.

People can now cure their discomfort without endangering their savings. With the one-time purchase of Mirror MD, users get a lifetime of health benefits.

The aim is that eventually, as users grow more connected to their body, they will care more about their health and become more conscious about how they treat their body. In changing their way of life, Mirror MD changes how we view health for the better.

Pain should never stand in the way of our happiness.
Don't let anything stop you from seizing the day.

Purchase Mirror MD today, and begin each sunrise at 100%.
