YOUR STORY

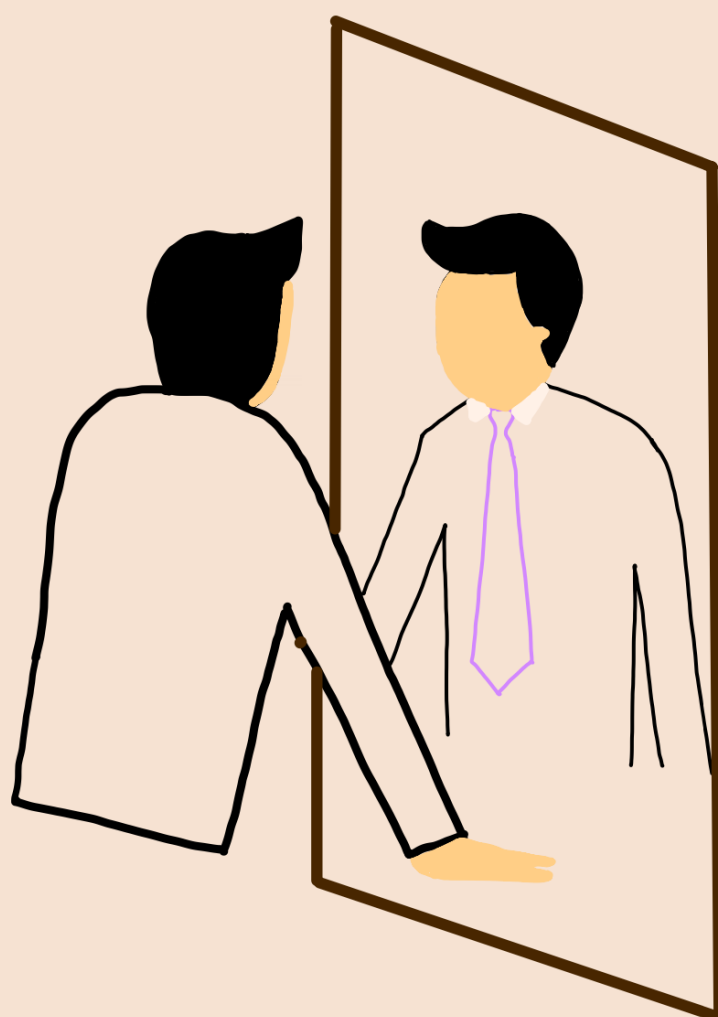

We want to make YOU feel better about YOURSELF. We understand that right now, in the midst of a pandemic, we are all struggling with our personal battles. YouBelieve will alleviate some pain, improve your mood every day and bring you one step closer to achieving your dreams. Product can be used for those Aged 15+, in order for you to be able to maximise the abilities of our algorithm.

HOW DOES IT WORK!

1. Using similar thinking to the build of context-free grammar automated machine, which essentially is a built-in algorithm that is taught how to converse with a given input, we take the accomplishments that you are so proud of to remind you of what you are capable of!
2. Taking in your answers to our YouBeleive™ Q&A, we will make personalized positive reaffirmations to start your day!
3. Using our very own, prize-winning MoralityCheck™, we will ensure that, to the best of our abilities, we only encourage positive activities and thoughts, and do not actively support mal intentions that do not ensure the betterment of everyone around!
4. Apart from personalized messages, we seek to build acceptance and tolerance within all humans, and hence will give our users messages to instill kindness and patience

We want you to feel the confidence that you **deserve**, and the confidence that you **need**.
