Andy Hamilton, The Wire

Crystal Elizabeth, 21st Century Music
- "Burtner's command of extended sounds of the saxophone is virtuosic... His saxophone playing blew me away."  
Warren Burt, The Computer Music Journal
- "Matthew Burtner has created a work of austere beauty ... From the first moment, it is clear that Burtner's music reflects a unique and powerful imagination."  
CDemusic Review
- "Chilling music created by an alchemy of modern technology and primitive musical sources such as stones. Inspired by the fearsome Alaskan wilderness, Burtner's creations are another example of inventive American composition."  
Outsight Review
- "This is wonderful, evocative music! Lovely stuff, bring warm clothing however."  
Andrew Kettle, Atmospheric Disturbances
- "Fascinating and brilliantly composed!"
